Technical Skills for Self Reliance

National Anthem

KISWAHILI

1

Ee Mungu nguvu yetu
Ilete baraka kwetu
Haki iwe ngao na mlinzi
Natukae na undugu
Amani na uhuru

2

Amkeni ndugu zetu
Tufanye sote bidii
Nasi tujitoe kwa nguvu
Nchi yetu ya Kenya
Tunayoipenda
Tuwe tayari kuilinda

3

Natujenge taifa letu
Ee, ndio wajibu wetu
Kenya istahili heshima
Tuungane mikono
Pamoja kazini
Kila siku tuwe na shukrani

ENGLISH

1

O God of all creation
Bless this our land and nation
Justice be our shield and defender
May we dwell in unity
Peace and liberty
Plenty be found within our
borders.

2

Let one and all arise
With hearts both strong and true
Service be our earnest endeavour
And our homeland of Kenya
Heritage of splendour
Firm may we stand to defend.

3

Let all with one accord
In common bond united
Build this our nation together
And the glory of Kenya
The fruit of our labour
Fill every heart with
thanksgiving.

OUR MISSION

"To provide technical training and produce skilled manpower that can compete favourably in the local and international labour market as well as creating self reliance that suits current market and changing technology".

OUR VISION

" To be a Centre of excellence in provision of Technical, Industrial, Vocational and Entrepreneurial Training".

OUR MOTTO

"Technical Skills for Self Reliance"

TIME	ACTIVITY
9:00 a.m.	- - Arrival of the Chief guest
9:30 a.m.	- Guests and Graduands to be seated
10:00 a.m.	- Chief guest joins the academic procession - National anthem - East Africa Anthem - Opening prayers-Fr Dr. Lawrence Njeru - Constitution of the congregation - Entertainment
10:30 a.m.	SPEECHES - Students Council Chairperson - The Principal - BOG Chairperson - The County Commissioner - The TVET County Director - Chief Guest Address
11:30 a.m.	- Awarding of Diplomas and certificates - Presentation of Gifts - Vote of Thanks - Dissolution of the convocation - Prayers by Fr Danson Nkoge - National Anthem
12:30 p.m.	- <i>Guests leave at their own pleasure</i>

A professional portrait of Dr. Esther Thaara Muoria, a woman with dark skin and braided hair, smiling. She is wearing a dark green blazer over a white ruffled blouse. She is seated at a dark wooden desk with her hands clasped. In the background, the Kenyan flag is visible on the left, and a wooden panel with a tufted cushion is on the right.

Dr. Esther Thaara Muoria, Phd, CBS

Principal Secretary State Department for TVET
Ministry of Education

CHIEF GUEST

Honoured guest, graduants, ladies and gentlemen. Let me begin by congratulating the graduating class of 2025, the 922 graduands of Nkabune Technical Training Institute. Today marks a remarkable milestone in your academic and professional journey. Your perseverance, hard work and discipline have brought you to this proud moment. You stand as a testament to the transformative power of Technical and Vocational Education and Training in shaping Kenya's future workforce.

As Nkabune TTI celebrates its 16th graduation ceremony, allow me to commend the institution's management, led by the Chief Principal, the Chair of the BOG, the trainers and all staff for their dedication to excellence and institutional development. Through deliberate leadership and Teamwork, the institution has made remarkable progress from expanding trainee enrollment to strengthening industry linkages and rolling out relevant academic programs that respond to labour market needs.

Speeches

Kenya continues to witness rapid technological shifts driven by the Fourth Industrial Revolution. To align with these changes, the State Department for TVET has intensified efforts to ensure that our institutions remain innovative, competitive and technologically empowered. We have partnered with key industry players such as Huawei to establish ICT Academies and we have rolled out Jitume Digital Labs to enhance access to digital skills, online work and global opportunities. These initiatives empower our youth with the competencies needed for success in a modern economy.

The State Department is also implementing the modularized curriculum across all TVET institutions to enhance flexibility in training, reduce the cost burden on learners and promote employability through progressive acquisition of skills. I am pleased to note that Nkabune TTI has embraced and effectively implemented this model, giving trainees a more adaptable and industry driven learning pathway.

Ladies and Gentlemen,

Allow me to acknowledge the significant achievements made by Nkabune TTI. The Institute has recorded impressive growth in trainee enrolment, rising from 1670 trainees in 2024 to over 7000 trainees in 2025, a clear indicator of growing confidence in technical and vocational education and training. The institution has also recorded notable academic improvement with its average performance score rising from 66.14 in November 2024 to 81.50 in March 2025. Through sustained collaborations with partners such as the National Youth Service and the Kenya National Highways Authority, the college has strengthened industry linkages and expanded opportunities for practical

learning. Additionally, the introduction of new programs in Community Health and Agriculture has enhanced the institution's contribution to national development and food security. The successful rollout of Dual Training, which has benefited 270 trainees in four cohorts, along with recognition for advancing female participation, demonstrates a strong commitment to inclusive skills development. The college has also made notable progress in environmental stewardship by planting more than 10,000 trees and establishing a community tree nursery. Its continued ISO 9001 certification affirms dedication to quality standards, while active income generating units have enhanced institutional sustainability and nurtured entrepreneurial skills among trainees.

These accomplishments reflect focused leadership, strong teamwork and alignment with the national TVET transformation agenda.

To the Graduands,

Today is both a celebration and a new beginning. As you leave Nkabune TTI, remember that your certificates represent not just your training, but your potential to innovate, to create opportunities and to contribute meaningfully to society. The TVET spirit calls upon you to be problem solvers, job creators and community builders. Let your skills open doors not only for you, but for others who will depend on your ideas, your courage and your character. Be bold, be ethical and be innovative. Let your skills be your strength and let integrity be your guide.

The State Department for TVET reiterates its solid commitment to advancing technical and vocational education as a cornerstone of Kenya's development. We are determined to expand access through the Elimu Mashinani Initiative, taking skills training to every corner of the country and ensuring that no willing learner is left behind. We shall fully implement Competency-Based Education and Training (CBET) modularization by 2026, enhancing the quality, flexibility and global competitiveness of our TVET system.

Congratulations to Nkabune Technical and Training Institute on this historic milestone and congratulations to the graduating class of 2025 on your well-deserved success. May your future be filled with opportunity, purpose and service to our great nation.

Once again, Congratulations, Class of 2025!

Thank you and may God bless you all.

Dr. Esther Thaara Muoria, Phd, CBS

PS State Department for TVET Ministry of Education

**SPEECH BY THE NKABUNE TECHNICAL TRAINING INSTITUTE BOARD
CHAIRPERSON MR. SAMSON RAIJI, DURING THE 16TH GRADUATION
CEREMONY OF NKABUNE TECHNICAL TRAINING INSTITUTE-MERU
COUNTY**

It is a great honor to join you as we celebrate the achievements of the Class of 2025. On behalf of the Board of Governors, I extend heartfelt congratulations to the 922 trainees graduating today. Your success is a testament to your resilience and commitment to excellence.

As a Board, we remain steadfast in our mission to uphold the highest standards of technical and vocational training. Over the past year, Nkabune TTI has made commendable progress. Notable developments include the construction of a modern gate, perimeter wall enhancements, new ablution blocks, and improved signage—all contributing to the institute's renewed image. We humbly request that Nkabune TTI be considered for national status.

Working closely with management, we have witnessed a remarkable increase in enrolment—from 1,670 to 7,017 trainees—and a rise in academic performance, with a current pass rate of 81%. Our support for Income Generating Activities such as the School Bakery, Farm, and Fashion & Design units has enhanced both practical learning and financial sustainability.

In alignment with national priorities, the Board has championed environmental initiatives, including the planting of 500 fruit trees at Nkabune Primary School. We have also supported key TVET reforms, including CBET modularization, Dual Training, and the JITUME program.

However, we continue to face challenges. Many trainees have not received their allocated scholarships, leading to fee arrears and financial strain. We urge relevant authorities to expedite disbursements and review the scholarship framework. Additionally, the lack of adequate workshops and trainers—especially in Automotive Engineering and Plumbing—remains a concern. The Board has employed over 50 trainers to bridge the gap and appeals to the Ministry for more PSC trainer postings. We also request the tarmacking of the access road to improve mobility and support institutional development.

Despite these hurdles, the Board remains optimistic. We commend the Principal, management, trainers, and staff for their unwavering dedication. To our partners in government, industry, and the community—thank you for your continued support.

To our graduands, carry forward the values of hard work, innovation, and integrity. Let your skills be instruments of transformation and national progress. Your journey of learning continues, and the world awaits your contribution.

In closing, I salute the entire NTTI fraternity for their commitment and achievements. With collective effort, we shall reach even greater heights.

Congratulations to the Class of 2025. May your future be bright and impactful.

Thank you, and may God bless you all.

Samson Raiji

Chairman BOG

**SPEECH BY THE PRINCIPAL NKBUNE TECHNICAL TRAINING INSTITUTE,
MS PENINNAH NGINA MUSILI, DURING THE 16TH GRADUATION
CEREMONY OF NKABUNE TECHNICAL TRAINING INSTITUTE-MERU
COUNTY**

Honoured Guest, Graduands, Ladies and Gentlemen It is my distinct pleasure to welcome you to the 16th Graduation Ceremony of Nkabune Technical Training Institute, celebrating the achievements of the Class of 2025. Today, we honor 922 graduands who have successfully completed their programs and are now poised to enter the workforce as skilled, competent, and responsible citizens. Congratulations to each of you.

This milestone reflects the collective effort of our trainers, non-teaching staff, parents, and partners. Your unwavering support has shaped Nkabune TTI into a beacon of growth, inclusion, and excellence.

Over the past year, our enrolment has grown from 1,670 to 7,017 trainees, a testament to the trust placed in our institution. Academic performance has also improved, with average scores rising from 66.14 to 81.50. Our Tracer Study indicates a 61.5% employment rate among graduates, affirming the relevance of our training. Through full adoption of Modularized Competency-Based Education and Training (CBET), our trainees are equipped with market-ready skills.

We have strengthened partnerships with NYS, Tourism Training Revolving Fund, Shampole Ranch Fund, and recently, KENHA. With 30 MOUs and 35 training agreements signed, these collaborations provide vital opportunities for industrial attachment and employment. New programs in Community Health and Agriculture, alongside our Dual Training Program with 270 trainees, have further enhanced our academic portfolio. Notably, Nkabune TTI was recognized for championing female inclusion in the region.

Our commitment to sustainability remains firm. Under the Jitume Lab Program, 869 youths have been trained in digital income-generating skills. We have contributed over 10,000 trees to the environment and retained ISO 9001:2015 certification. Our Income Generating Units—including the School Bakery, Farm, and Fashion & Design production—continue to support practical learning and self-sufficiency.

Beyond academics, our trainees have excelled in national drama festivals, ball games, and TVET Skills Competitions. This year, our female handball team will compete nationally, and 11 items will be showcased in the TVET fairs.

Graduands, today marks the beginning of your next chapter. The skills you possess are tools for personal growth and national transformation. Uphold the NTTI spirit of excellence—be innovators, problem-solvers, and ambassadors of integrity.

Thank you for joining us and for your continued support of TVET. Let us remain united in empowering youth through skills for self-reliance and sustainable development.

Congratulations to the Class of 2025. May your future be bright, impactful, and fulfilling.

Thank you, and God bless you all.

Penninah Ngila Musili

Principal

STUDENTS' COUNCIL GRADUATION SPEECH

On behalf of the Nkabune Technical Training Institute Student Council. It is a great honor and privilege to stand before you on this special and memorable day. First and foremost, I thank the Almighty God for His grace and guidance that have brought us safely to this joyful occasion. Today, we gather to celebrate the fruits of hard work, determination, and perseverance. To our beloved graduands, congratulations! Your journey has not been easy, but your success today is a true reflection of your commitment, resilience, and passion for excellence. You have made us all proud, and through your achievements, the world sees the shining example of what Nkabune Technical Training Institute stands for. As you step into the next chapter of your lives, I urge you to uphold the values and discipline you have learned here. Continue to carry the good name of Nkabune wherever you go and let your actions speak of the quality education and character this institution instills.

Nkabune Technical Training Institute has, for over 50 years, been a strong pillar of technical education and empowerment shaping lives, supporting families, and building a skilled workforce for our nation. However, as the institution continues to

grow, there are some areas that still need improvement. On behalf of the students, I humbly wish to highlight and request attention to a few pressing needs that would greatly enhance our learning experience and safety.

First, we kindly request the installation of street lights within and around the institution. Proper lighting would make the environment safer for both students and staff, especially during evening hours. It would also encourage academic and co-curricular activities to continue comfortably after daylight, and promote a sense of security within the entire community surrounding the institute.

Secondly, our growing student population and expanding departments such as Automotive Engineering, Electrical Engineering, and Building and Civil Engineering have increased the demand for modern and well-equipped workshops. We respectfully request that the construction and equipping of additional workshops be considered. This would ensure that students receive the practical, hands-on experience that technical training demands, preparing them to meet industry standards and contribute effectively to national development.

Another important need concerns transportation. The institute currently has only two school buses, which are often overstretched due to frequent academic trips, industrial visits, and co-curricular events. We therefore appeal for an additional school bus to ease movement and ensure all students can participate safely and effectively in such learning opportunities that build exposure, teamwork, and leadership skills.

Lastly, our driving school program continues to empower students with vital driving skills that enhance employability and self-reliance. However, to make this program more effective, we kindly request support in acquiring a dedicated driving school truck. This would give our trainees real, practical experience, build their confidence, and enable them to graduate with a skill that is in high demand in the job market.

In conclusion, today we not only celebrate academic success but also reaffirm our collective commitment to progress. As students, we deeply appreciate the efforts of all stakeholders who have supported Nkabune Technical Training Institute. We believe that by improving our infrastructure, workshops, transportation, and training facilities, we can make Nkabune an even stronger center of excellence one that continues to transform lives and uplift our community. To our esteemed guests, government representatives, and parents, we sincerely thank you for your continued encouragement and support. Your investment in technical education is an investment in Kenya's future.

Once again, congratulations to all graduands. May your future be bright, your goals achievable, and may Nkabune continue to shine as a beacon of technical excellence for generations to come.

Glory Gaichugi

Student Chairperson

THE GUEST OF HONOR, INVITED GUESTS, OUR DEAR PRINCIPAL, DEPUTY PRINCIPALS, REGISTRARS, DEAN OF STUDENTS , HODS, RESPECTED TRAINERS, PROUD PARENTS, AND MY FELLOW GRADUATES GOOD MORNING!

On behalf of the graduating class, I thank almighty allah and welcome everyone to this celebration. Today is more than a ceremony. It is quite a victory. A celebration not only of what we have achieved but of everything we have overcome to get here.

This journey was not always easy. There were days we wanted to give up. Days when failure whispered louder than hopes.

When we compared ourselves to others and felt small. When the world felt too big and we felt too lost. But we showed up. We kept going even when it was hard. And that- more than any grade or award is the victory of which I am proudest.

To our trainers - thank you for seeing our potential before we did.

To my families - thank you for your quiet sacrifices and your endless faith.

And to my classmates - thank you for walking besides me for every shared smile, struggle

and success. We started as strangers, but somewhere along the way, we became a family — one built on late-night study sessions, shared snacks, endless group projects, and unforgettable memories.

When we first walked through these doors, we were full of questions — about ourselves, about the future, about what we were truly capable of. And now, standing here, I realize that the real answer didn't come from textbooks or tests, but from the moments that challenged us the most.

We learned that success isn't about always being right — it's about daring to try, even when failure seems certain. We learned that leadership isn't about standing above others, but standing with them. And we discovered that the most powerful lessons come not from lectures, but from people — from friends who believed in us when we doubted ourselves, and teachers who refused to let us give up.

And to my fellow graduates — we did it. We've crossed the finish line, but this is not the end. It's a Launchpad. From this moment on, the world opens its doors to us — not because it is easy, but because we are ready.

Let us carry with us the lessons of resilience, compassion, and determination. Let us dream boldly, fail bravely, and rise proudly. The world does not just need more graduates — it needs thinkers, creators,

and change makers. And I truly believe that each of us has the power to be all three.

So as we toss our caps into the air today, let us not just celebrate what we have done — let us celebrate who we have become.

Today is not the finish line. It's the first step of everything that comes next. The world beyond these walls is wide and uncertain but so are we. Wide in heart and ready for whatever lies ahead.

We go forward not because we know what is coming but we have already proven we can rise.

Congratulations, Class of 2025. The future begins now.

Thank you.
